MSP 49.2 Draft plan, V.4 - 11/06/2023, 118-156% data volume, with average ~140% overall

Orbit	4SC	4SC D0	3SC D0	4SC BM (h)
	BM1 3h for C4-THEMIS conj at MP			
	BM1 2.5h for C4-MMS conj at MP			
	PV for northern AAR, alonside with BM2 0.7h on SC12 (single			
3642	SC operations)			5.8
	BM1 4h for triple conj at MP			
3643	PV for northern AAR			4
	BM2 2h for AKR with South Pole Station			
3644	BM1 1.5h for northern AAR			3.5
3645	PV for northern AAR			0
3646	BM1 1.8h for northern AAR			1.8
	BM2 2h for AKR with South Pole station			
3647	BM2 1.6h for northern AAR			3.6
	BM2 2h for AKR with South Pole station			
	BM1 2h for mutiple-mission tail conjunction			
3648	BM1 1.4h for northern AAR			5.4
0040	BM1 2h for multiple-mission tail conjunction			0
3649	PV for northern AAR			2
0050	BM2 3h for PSBL - Inbound			4
3650	BM2 1h for northern AAR (combined with PV) BM2 2h for AKR with South Pole station			4
	BM1 2h for multiple-mission tail conjunction			
3651	BM1 1.6h for northern AAR			5.6
	BM2 2h for AKR with South Pole station			
3652	BM1 1.3h for northern AAR, low latitude			3.3
	BM2 3h for PSBL - Inbound			
3653	PV for northern AAR			3
3654	BM2 1h for northern AAR (combined with PV)			1
	BM2 2h for AKR with South Pole station			
3655	BM1 1.6h for northern AAR			3.6
	BM2 2h for AKR with South Pole station			
3656	BM1 1.2h for northern AAR, low latitude			3.2
3657	BM1 1.8h for northern AAR, low latitude			1.8
	PV for northern AAR			
	BM2 0.95h for equatorial and southern dayside outer zone			
3658	chorus, start			0.9

	BM2 0.8h for equatorial and southern dayside outer zone	
	chorus, end	
3659	BM2 2h for AKR with South Pole station BM1 1.4h for northern AAR	4.2
3660	PV for northern AAR	0
	BM1 4h for NS partial crossing	
	BM1 1.8h for northern AAR BM2 0.6h for equatorial and southern dayside outer zone	
3661	chorus, start	6.4
	BM2 1.15h for equatorial and southern dayside outer zone	
	chorus, end BM1 1h for C4-MMS conj in plasma sheet	
	BM2 2.6h for northern AAR combined with equatorial and	
3662	southern dayside outer zone chorus, start	4.7
	BM2 0.6h for equatorial and southern dayside outer zone	
	chorus, end BM1 4.5h for C4-THEMIS conj in plasma sheet	
3663	BM1 1.4h for northern AAR	6.5
	BM1 4h for C4-THEMIS conj in plasma sheet	
3664	PV for northern AAR	4
	BM1 4h for NS partial crossing combined with C4-THEMIS conj in plasma sheet	
3665	BM2 1h for northern AAR (combined with PV)	5
	BM1 2h for C4-THEMIS conj in plasma sheet	
	BM1 2h for multi-mission tail conjunction BM2 2.55h for northern AAR combined with equatorial and	
3666	southern dayside outer zone chorus, start	6.6
	BM2 0.5h for equatorial and southern dayside outer zone	
	chorus, end BM1 4.7h for C4-THEMIS conj in plasma sheet	
3667	BM1 1.2h for northern AAR, low latitude	6.4
	BM1 5h for C4-THEMIS conj in plasma sheet combined with multi-mission tail conjunction	
3668	PV for northern AAR	5
	BM1 2h for C4-THEMIS conj in plasma sheet BM2 1.6h for northern AAR (combined with PV) and	
3669	equatorial and southern dayside outer zone chorus, start	3.6
	BM2 0.85h for equatorial and southern dayside outer zone	
	chorus, end BM1 3h for C4-THEMIS conj in plasma sheet	
3670	BM1 1.5h for northern AAR	5.4
	BM1 4.5h for C4-THEMIS conj in plasma sheet	
3671	BM1 1.1h for northern AAR, low latitude	5.6

BM1 2.5h for C4-THEMIS conj in plasma sheet BM1 2h for multi-mission tail conjunction			6.2
BM1 1.75h for horthern AAR, low latitude			6.3
BM1 5.3h for NS crossing by 4SC			
BM1 1h for C4-THEMIS conj in plasma sheet			
PV for northern AAR			
BM2 0.9h for equatorial and southern dayside outer zone			
chorus, start			7.2
BM2 0.7h for equatorial and southern dayside outer zone			
chorus, end			
BM1 3h for C4-THEMIS conj in plasma sheet			
BM1 2h for multi-mission tail conjunction			
BM1 1.4h for northern AAR			
Start of eclipse season on SC34 13/09/2023 04:00			7.2
BM1 3h for C4-THEMIS coni in plasma sheet - on SC12			
PV for northern AAR - on SC12			3
BM1 2h for mulri-mission tail conjunction - on SC12			
•			
Start of manoeuvre on SC2			
BM1 1.7h for northern AAR - on SC1 only (single SC ops)	0.9		3.5
End of manoeuvre on SC2			
BM1 3h for C4-THEMIS conj in plasma sheet - on SC12			
Start of eclipse season on SC1, 19/09/2023 00:00			
Start of eclipse season on SC2, 19/09/2023 12:00	0.5		3
Eclipse season			0
	BM1 2h for multi-mission tail conjunction BM1 1.75h for northern AAR, low latitude BM1 5.3h for NS crossing by 4SC BM1 1h for C4-THEMIS conj in plasma sheet PV for northern AAR BM2 0.9h for equatorial and southern dayside outer zone chorus, start  BM2 0.7h for equatorial and southern dayside outer zone chorus, end BM1 3h for C4-THEMIS conj in plasma sheet BM1 2h for multi-mission tail conjunction BM1 1.4h for northern AAR Start of eclipse season on SC34 13/09/2023 04:00  BM1 3h for C4-THEMIS conj in plasma sheet - on SC12 PV for northern AAR - on SC12  BM1 2h for mulri-mission tail conjunction - on SC12 Start of manoeuvre on SC2 BM1 1.7h for northern AAR - on SC1 only (single SC ops) End of manoeuvre on SC2 BM1 3h for C4-THEMIS conj in plasma sheet - on SC12 Start of eclipse season on SC1, 19/09/2023 00:00 Start of eclipse season on SC2, 19/09/2023 12:00	BM1 2h for multi-mission tail conjunction BM1 1.75h for northern AAR, low latitude  BM1 5.3h for NS crossing by 4SC BM1 1h for C4-THEMIS conj in plasma sheet PV for northern AAR BM2 0.9h for equatorial and southern dayside outer zone chorus, start  BM2 0.7h for equatorial and southern dayside outer zone chorus, end BM1 3h for C4-THEMIS conj in plasma sheet BM1 2h for multi-mission tail conjunction BM1 1.4h for northern AAR Start of eclipse season on SC34 13/09/2023 04:00  BM1 3h for C4-THEMIS conj in plasma sheet - on SC12 PV for northern AAR - on SC12  BM1 1h for C4-THEMIS conj in plasma sheet - on SC12 Start of manoeuvre on SC2 BM1 1.7h for northern AAR - on SC1 only (single SC ops)  End of manoeuvre on SC2 BM1 3h for C4-THEMIS conj in plasma sheet - on SC12 Start of eclipse season on SC1, 19/09/2023 00:00 Start of eclipse season on SC2, 19/09/2023 12:00  0.5	BM1 2h for multi-mission tail conjunction BM1 1.75h for northern AAR, low latitude  BM1 5.3h for NS crossing by 4SC BM1 1h for C4-THEMIS conj in plasma sheet PV for northern AAR BM2 0.9h for equatorial and southern dayside outer zone chorus, start  BM2 0.7h for equatorial and southern dayside outer zone chorus, end BM1 3h for C4-THEMIS conj in plasma sheet BM1 2h for multi-mission tail conjunction BM1 1.4h for northern AAR Start of eclipse season on SC34 13/09/2023 04:00  BM1 3h for C4-THEMIS conj in plasma sheet - on SC12 PV for northern AAR - on SC12  BM1 2h for mulri-mission tail conjunction - on SC12 Start of manoeuvre on SC2 BM1 1.7h for northern AAR - on SC1 only (single SC ops)  End of manoeuvre on SC2 BM1 3h for C4-THEMIS conj in plasma sheet - on SC12 Start of eclipse season on SC1, 19/09/2023 00:00 Start of eclipse season on SC2, 19/09/2023 12:00  0.5
